Project Update #32

Meridian Street Closure

The intersection at 5th and Meridian will be closed starting tomorrow, September 12. This closure will remain in place through next week while we complete our storm sewer connections out in that intersection. There will be no access to street parking on 5th Street during this closure.

Sidewalk Construction (West side of Cedar St.)

Sidewalk installation is still taking place at a good pace. The contractor has been working hard to get everybody up and running as quickly as they can. Starting tomorrow, September 12th, sidewalks between 4th and 5th Street will start to be poured. Unlike the last block, this operation will be completed in **two separate pours** (Thursday and Friday). I have tried to contact all affected businesses, but please do not hesitate to reach out if you have further questions or concerns.

Thank you for your patience and cooperation as we continue to **Rebuild Tipton**
